EXAMINER INTERVIEW SUMMARY

Mr. Robert B. Leonard and Examiner Chaudray spoke by telephone on July 19, 2005. In this conversation, the Examiner stated that all pending claims 1-18 were subject to restriction. In particular, the position was taken that the application includes claims directed to two distinct inventions. Group I, claims 1-14, are drawn to a method of cleaning a contaminated surface, while Group II, claims 15-18, are drawn to a head suspension. Mr. Leonard made a provisional election without traverse to prosecute the invention of Group I, claims 1-14.
